AltaLink, L.P. Selects ISNetwork for Contractor Management *ISN Expands in the Electric Transmission Industry*

CALGARY, Alberta (August 8, 2011) – ISN is pleased to announce that AltaLink, L.P. (AltaLink) has selected ISNetwork for contractor prequalification services. AltaLink joins the growing list of Utilities, Transmission and Distribution companies to utilize ISNetwork.

AltaLink transmits electricity for Alberta and was the first independent transmission provider in Canada. Serving 85 percent of Alberta's population, AltaLink controls the province's largest transmission system.

"At AltaLink, safety is of the utmost importance," said Patricia McLeod, AltaLink Associate General Counsel & Compliance Officer. "We believe ISNetwork will assist us in maintaining the high standards of safety and quality that have been set for AltaLink employees and contractors."

"AltaLink's commitment to ensuring the safety of their employees and contractors alike sets the stage for a successful implementation of ISNetwork. We look forward to assisting AltaLink in meeting their goals," said Brian Callahan, ISN Senior Vice President.

About ISN

ISN provides an online contractor management database, ISNetwork, which is designed to meet internal and governmental record keeping and compliance requirements. ISN collects health and safety, procurement, quality and regulatory information for more than 34,000 contractors and 215 Owner Clients. Through its Review and Verification Services (RAVS), ISN's subject matter experts review and verify contractors' self-reported information, incorporating a level of due diligence to the process. Contractors also use the system to manage internal training and recording keeping requirements. For more information, visit www.isn.com.
