McWane, Inc. Selects ISNetworld for Contractor Management
ISN Expands in the Manufacturing Industry

DALLAS, Texas (November 18, 2011) - ISN is pleased to announce McWane, Inc. has selected ISNetworld as its contractor management solution. ISN will assist McWane in streamlining and enhancing their contractor management process for their United States and Canada operations by collecting and verifying McWane's contractors' Health, Safety, Environmental and Procurement information.

McWane is a global leader in water distribution and infrastructure producing ductile iron pipe, valves and hydrants, waterworks fittings, soil pipe and propane tanks. McWane operates 25 manufacturing plants, producing products that are essential to the function and development of plumbing and clean water works systems.

"McWane is committed to achieving the highest standards for health and safety in each of our facilities," said Barb Wisniewski, Vice President of Health & Safety, McWane, Inc. "ISN will assist us in meeting our internal safety goals and help improve the efficiency and effectiveness of our contractor program."

"We look forward to working with McWane to assist with standardizing their contractor management process across North America," said Rachel Lynch, Supervisor, ISN Manufacturing Team. "McWane shows a strong dedication to the safety of their employees and contractors. ISN is pleased to be a part of their continuous efforts for safe operations."

About ISN

ISN provides an online contractor management database, ISNetworld, which is designed to meet internal and governmental record keeping and compliance requirements. ISN collects health and safety, procurement, quality and regulatory information for more than 36,000 contractors and 225 Owner Clients. Through its Review and Verification Services (RAVS), ISN's subject matter experts review and verify contractors' self-reported information, incorporating a level of due diligence to the process. Contractors also use the system to manage internal training and recording keeping requirements. For more information, visit www.isn.com.
