Isnetworld
3232 McKinney, Suite 1500
Dallas, Texas 75204

March 31, 2010

To whom it may concern:

TAS H.P. AIR EXCAVATION L.L.C. is a small family owned and operated company established October of 2007. We joined Isnetworld April of 2008 upon several of our clients request. Isnetworld is the only company that I am aware of that meets all the needs of both client and owner. It's like having our own personal staff to take care of the safety, insurance and legal documentation that each of our client (s) requires. The staff at Isnetworld walked me through the initial set up, which has enabled us to keep up with all aspects of documentation. With the programs we have access to in Isnetworld, everything is kept updated so that we don't ever have the issue of insurance or H2S Certificates, etc. expiring. What a relief. Our being able to keep track of employee information and training has been a blessing.

One of the greatest aspects of Isnetworld, in my opinion, is that they are professional and still keep about them the "personal" customer service that in this day and time, normally is lacking. Each staff member I have had the pleasure of dealing with is knowledgeable in what they are doing. The fact that they are friendly and truly seem to be concerned about whatever issue I may have is a great testament to Isnetworld's ethics. Wish more companies would follow in Isnetworld's path.

I would be happy to recommend and share our experience in dealing with Isnetworld.

Sincerely,

A handwritten signature in black ink that reads "Charlotte Matthews".
