### **ISNetworld Hosts 7<sup>th</sup> Annual Users Group Conference**

**Dallas, Texas, March 1, 2008** – ISN Software hosted its 7<sup>th</sup> Annual Users Group Conference at the Downtown Dallas Fairmont Hotel. Over 750 ISNetworld subscribers and data providers attended this event. The Annual Users Group Conference is a forum for Contractors and Owner Clients to come together to learn about industry trends and initiatives, to discuss ISNetworld feature enhancements and usage, and to network with their peers. Keynote speakers were Edwin Foulke Jr, Assistant Secretary of Labor, OSHA; and William Wark, Board Member of the Chemical Safety Board.

Joseph Eastin, President of ISN, said, "This has been our largest and most successful Annual Users Group Conference to date. It is a positive reflection of the growth and success of the company and an indicator of the increased safety awareness among high risk, capital intensive industries."

Belinda Botha, Director of Contractor Operations stated, "This conference was met with positive feedback and has proven to be an excellent venue for our Contractors and Owner Clients to share their knowledge and continue moving forward in efforts of improving workplace health and safety initiatives."

#### **About ISNetworld**

ISNetworld provides an online contractor management database designed to meet internal and governmental health, safety, and environmental requirements. ISNetworld Review and Verification Services (RAVS) validate contractor information. ISNetworld has standardized health and safety communication and provides a method for subscribers to house documents, measure, compare and benchmark health and safety statistics, and provides a method of evaluation and communication between companies and their contractors. Contractors also use the system to manage training and record keeping requirements. For more information, visit [www.isnetworld.com](http://www.isnetworld.com).
