ISNetworld Reaches Agreement to Distribute NCCER National Registry Data

Houston, TX, December 3, 2000 – ISN Software Corporation (ISN) announced today that it has reached an agreement in principle to be the exclusive electronic distributor of NCCER National Registry Data. The National Center for Construction Education and Research (NCCER) is a not-for-profit 501(c)(3)-education foundation. NCCER develops and publishes standardized construction, maintenance and pipeline curricula, safety programs, management education, industry image materials and craft skills assessments.

Bill Addy, President of ISN, stated, “The NCCER is America’s leading industrial training and assessment organization. The NCCER also has an extensive distribution network of over 180 certified Training Sponsors and over 5,000 certified Master Trainers nationally. We look forward to a prosperous, enduring relationship with Dan Bennet, Don Whyte and the rest of the NCCER team.”

ISN Software Corporation, through its flagship ISNetworld product, automates the relationship between contractors and their owner/operator customers in America’s most capital-intensive industrial sectors. ISNetworld utilizes third party data wherever possible to create an added level of compliance record management and reporting integrity. For more information, visit www.isnetworld.com.
