ISNetwork Exceeds 100,000 OQ Qualifications

Dallas, TX, October 21, 2002 – ISN Software Corporation (ISN) announced ISNetwork contractors have now entered over 100,000 OQ Qualifications into ISNetwork.

Bill Addy, President of ISN, stated, “We want to thank our contractor customers for their diligence in using ISNetwork to record and prove their OQ qualifications to ISNetwork operators. This important milestone has been achieved with just over a week until the DOT Operator Qualification goes into effect.”

ISN Software Corporation, through its flagship ISNetwork product, automates the relationship between contractors and their owner/operator customers in America’s most capital-intensive industrial sectors. ISNetwork utilizes third party data wherever possible to create an added level of compliance record management and reporting integrity. For more information, visit www.isnetwork.com.
