ISNetworkworld Announces New Web Page Logo

Dallas, TX, February 14, 2003 – ISN Software Corporation (ISN) announced today it is launching a new web icon logo for ISNetworkworld customers that wish to add an ISNetworkworld link to their home page.

Bill Addy, President of ISN, said, “Since our inception, we have made contractor and operator logos an integral part of the ISNetworkworld homepage. Our view has always been that we can bring our customers added business success and make our relationship a win-win proposition. This same thought process lead to the contractor dashboard, contractor locator and SCQ-V features that allow operators to find and pre-qualify contractors for work online.”

Mr. Addy continued, “For some time now, contractors and operators having been asking us if they could link to ISNetworkworld directly from their website(s). We deferred these requests until design of an appropriate link was designed. Today, we announce that the design is complete and that you may view it at www.isnetworkworld.com/INFO_Site/Logo.htm. You can also find instructions there to add our logo to your website if you wish.”

ISN Software Corporation, through its flagship ISNetworkworld product, automates the relationship between contractors and their owner/operator customers in America’s most capital-intensive industrial sectors. ISNetworkworld utilizes third party data wherever possible to create an added level of compliance record management and reporting integrity. For more information, visit www.isnetworkworld.com.
