ISNetworld Reaches 30,000 Contractor Clients

DALLAS, Texas (February 2, 2011) — ISNetworld, the global resource for connecting organizations around the world with safe, reliable contractors, announced today that the company has reached 30,000 contractors subscribing to ISNetworld.

ISN collects health, safety, environmental, quality and procurement information from contractors and verifies its accuracy to ensure it meets industry, regulatory and Owner Client standards. Recently, ISN has expanded its operations and established offices in California and the United Kingdom creating additional opportunities for growth.

“30,000 contractors is an important milestone for improving global standardization for those striving for safe and compliant workplaces,” states Senior Vice President, Brian Callahan. “We are grateful for the relationships we have with our Owner Clients and contractors and look forward to the future growth of our organization.”

ISNetworld President, Joseph Eastin added, “ISN understands our success is rooted with our clients’ innovation and our employees’ commitment to excellence.”

About ISN

ISN provides an online contractor management database, ISNetworld, which is designed to meet internal and governmental record keeping and compliance requirements. ISN collects health and safety, procurement, quality and regulatory information for more than 30,000 contractors and 180 Owner Clients. Through its Review and Verification Services (RAVS), ISN's subject matter experts review and verify contractors' self-reported information, incorporating a level of due diligence to the process. Contractors also use the system to manage internal training and recording keeping requirements. For more information, visit www.isnetworld.com.
